# ILSI Europe's Annual Symposium

## 27<sup>th</sup> March 2018

### BACKGROUND & PURPOSE

Targeted to a multidisciplinary network of experts in food, nutrition and health, the 2018 Annual Symposium will feature presentations by leading experts on three major themes: Food of the Future, Proteins of the Future, Consumer Behaviour and Nutritional Intake.

The aim is to gain insight in the addressed topics, better understand the issues at stake and identify existing and future challenges that ILSI Europe could proactively tackle by fostering public-private collaboration.

Within the frame of the programme, optional breakfast meetings will be organised on 27<sup>th</sup> March 2018, from 07:30 to 08:30, to present the work programme of a selection of ILSI Europe's Task Forces and potentially develop new activities.
