Allergen Immunotherapy Guidelines
Part 2: Recommendations

Translating knowledge into clinical practice

European Academy of Allergy and Clinical Immunology

SCIENTIFIC RESOURCES
Guidelines

Guidelines aiming at

• Providing the state of the art diagnosis and treatment
• (level of evidence)

• Highlighting gaps in the evidence

• Identify lack of data and need for further studies
Future challenges

Working together to

• Assess patients needs
• Provide state of the art diagnosis and develop personalized management plan
• Improve food safety (safer production, harmonized labelling)
• Provide threshold levels for the major food allergen sources
• Design novel food Allergy Immunotherapy
Education Platforms

Allergy Schools and Master Classes
since 1996 with more than 4000 participants

EAACI Knowledge Exam
taken by 410 students and professionals since 2008

Fellowships
awarded to 134 researchers and clinicians fellowships since 2009
EAACI MEETINGS
Fostering science through dedicated platforms
